CAREER OBJECTIVE

To utilize my academic background and problem-solving abilities in a collaborative environment, aiming to develop impactful software solutions and expand my knowledge in emerging technologies.

EXPERIENCE

- Briffini Academy, Ireland** | App Development (Freelance - Remote) March 2025 – Present
Flutter, Firebase
- Designed and maintained the Briffini Academy mobile application and admin portal, implementing interactive learning features and optimizing usability for students.
 - Drove end-to-end app development processes, from initial requirements gathering to final rollout, delivering efficient and scalable solutions.
- Cygnus IT Solutions, Thrissur** | App Development March 2024 – Jan. 2025
Flutter, Firebase
- Created and delivered mobile applications, managing the entire development lifecycle from initial concept through deployment.
 - Implemented secure user authentication, real-time database synchronization, and optimized data handling using Firebase services, ensuring responsive performance and a seamless user experience.

EDUCATION

- Sahrdaya College of Engineering and Technology** Oct. 2021 – Jun. 2025
Bachelor of Technology *Computer Science and Engineering*
- St Thomas College HSS** 2019 – 2021
Higher Secondary *Computer Science*
- Percentage:** 85%
- Deepthi HS** 2016 – 2020
High School
- Percentage:** 100%
- Our Own High School, Dubai** 2006 – 2016
Primary and Middle School

PROJECTS

- reviveLAB** | *Unity, C#, AR, 3D Modeling*
- Conceptualized and designed an interactive augmented reality (AR) game that educates users on assembling a personal computer within an immersive AR environment.
 - Developed using Unity and C#, incorporating custom 3D models for improved visualization.
 - Designed an interactive, step-by-step guide to assist users in assembling components and detecting issues.
- LeadCentral** | *Flutter, Firebase*
- Strengthened skills in design with Figma, Flutter development by translating designs into functional components, and integrating device capabilities with Firebase backend for seamless real-time operations.
 - Designed user-friendly UI/UX for seamless lead tracking and enhanced communication.
 - Integrated a Firebase backend for secure data storage and real-time synchronization of lead details.
- CostCater** | *Flutter, Firebase*
- Developed a catering agency app to streamline order management by enabling menu creation with user details, event information, payment data, and terms and conditions.
 - Designed an intuitive order-taking UI using FlutterFlow and implemented backend logic with Firebase for handling payments and automatic PDF generation of menus and order summaries.
 - Integrated a Firebase backend for secure data storage and real-time synchronization of lead details.

SKILLS

Languages/Frameworks: Flutter, React Native, ReactJS, Python, HTML/CSS, JS, Tailwind CSS

Database: Firebase, MongoDB

Developer Tools: Git, VS Code, Figma, Netlify, Vercel, Unity

SOFT SKILLS

Leadership, Verbal and Written Communication, Flexibility

LANGUAGE

English, Malayalam, Hindi
